AYANTEE

PUBLISHED BY THE AGRICULTURAL
AND TECHNICAL COLLEGE OF N.C.
AT GREENSBORO

EDITOR—LANARD M. GEDDINGS

FOREWORD

The staff of the 1966 AYANTEE is proud to present this annual representing as it does our final effort at our beloved alma mater. In years to come, the day by day activities of our college days will be forgotten. Incidents of special significance, however, will remain as reminders of our years at Aggieland.

We hope that this volume will in a small way indicate the services rendered by the college to the community and to the nation

As we go forth we pledge ourselves to carry with us, wherever we may be, the Aggie ideal of service to our fellowmen. To this end we have chosen as the theme of the yearbook: AGGIES ON THE GO, FOR LEADERSHIP, SCHOLARSHIP, AND CITIZENSHIP.

Lanard M. Geddings, Editor

DEDICATION

The Staff of the 1966 AYANTEE proudly and with deep appreciation dedicates this volume of the Ayantee to Miss Marguarite E. Porter for her never-tiring willingness to help students — academically and otherwise through her advising, her exemplification of professional competence, and her devoted dedication to A & T and education.

Miss Porter hails from Latta, South Carolina. Her academic attainments are as follows: A.B. Degree — Allen University, Columbia, South Carolina; M.A. Degree — Atlanta University, Atlanta, Georgia. She has worked on advanced study at Columbia University, New York, New York. Other than holding the position of Assistant Professor of English, Miss Porter has been a class advisor for the freshmen, junior, and senior classes, as well as an academic advisor to the freshman class. She is presently serving as the co-advisor to the Freshman Newsletter, "The Beanie".

To further the staff's dedication choice, we take these lines from Matthew Arnold's "Rugby Chapel" which are helpful, but still inadequate.

If in the paths of the world,
Stones might have wounded thy feet,
Toil or dejection have tried
Thy spirit, or that we saw
Nothing — to us thou wast still
Cheerful, and helpful, and firm!

THE THEME FOR THE SCHOOL
YEAR 1965-66
AS "AGGIES ON THE GO
FOR LEADERSHIP, SCHOLARSHIP,
AND CITIZENSHIP."

The School of Agriculture embraces the fundamental philosophy of the Land-Grant Institution and it accepts the obligation to provide a program of resident and off-campus instruction adequate to meet the needs of the people. It administers to the general needs of a rural-urban society and to the special needs of those who desire and benefit from instruction in agriculture, home economics, and the natural sciences.

The objectives of the School of Agriculture are two fold: (1) to extend the frontiers of knowledge and the professional competencies of its faculty and the academic proficiency of its students through organized instruction and research and (2) to share its resources with its clientele through organized short courses, conferences, and related activities designed to meet special needs.

**DR. LEWIS C. DOWDY
PRESIDENT OF A&T**

It is my great pleasure to extend to you congratulations upon your graduation. You will now join the caravan of "Aggies" who spread their trophies not only from Dare to Cherokee, but from here to Tripoli.

While your challenges will be the greatest ever faced by any generation, your opportunity to change the character of our society and to contribute to the elevation of our civilization will be immeasurable. I predict that the history you write by your deed, which will emanate from your deep commitment and high aspiration, will prove to be the most important ever written and witnessed by the races of men. I, therefore, admonish you to keep the fires of intellectual curiosity burning so that the chain which now locks from man the unexplored ideas may be melted to release a well-spring of new knowledge to give our civilization renewed thrust toward the realization of the "Great Society."

I know that you will carry with you the consuming "Aggie" spirit, which has always given our graduates an incessant urge to continually seek the realization of a higher goal and to make a larger contribution to the realization of the American dream.

BOARD OF TRUSTEES

An important part of the administration team for A & T is its Board of Trustees, a tireless and dedicated group of men who give unstintingly of their talents, thought and time to the development of this institution.

At center are Robert H. Frasier, Greensboro, chairman, and Dr. Dowdy. Others from left to right are: Dr. A. A. Best, Greenville; Dr. Otis Tillman, High Point; David W. Morehead, Greensboro; George Sockwell, Elon College; E. E. Waddell, Charlotte, vice chairman; Frontis W. Johnston, Davidson; L. L. Ray, Greensboro; James Graham, Raleigh; J. Mack Hatch, Charlotte, and W. B. Wicker, Greensboro.

ADMINISTRATION

The nucleus of A & T College is the administration. Often the topic of severe criticisms by those who are unaware of the problems at hand, these men and women work long and hard for varied improvements in all of the schools and departments. They are called upon to direct the business of the college, subject to the approval of the Board of Trustees and the President of the College. They are responsible for a growing A & T and have to please many divergent groups. Their aims and desire are identical with those of the students, faculty, and alumni — a bigger and better A & T.

Fifty-four years ago an "idea" was born, an "idea" to organize interested college men into a group who had as its basic purpose, achievement in education and subsequent areas of life.

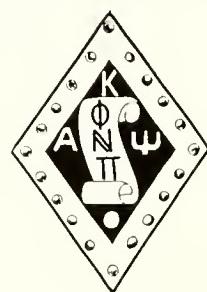

History does not designate one specific person as being the originator of the "idea," but it does relate that ten men banded together and organized a social fraternal group for men and from this nucleus came the "idea."

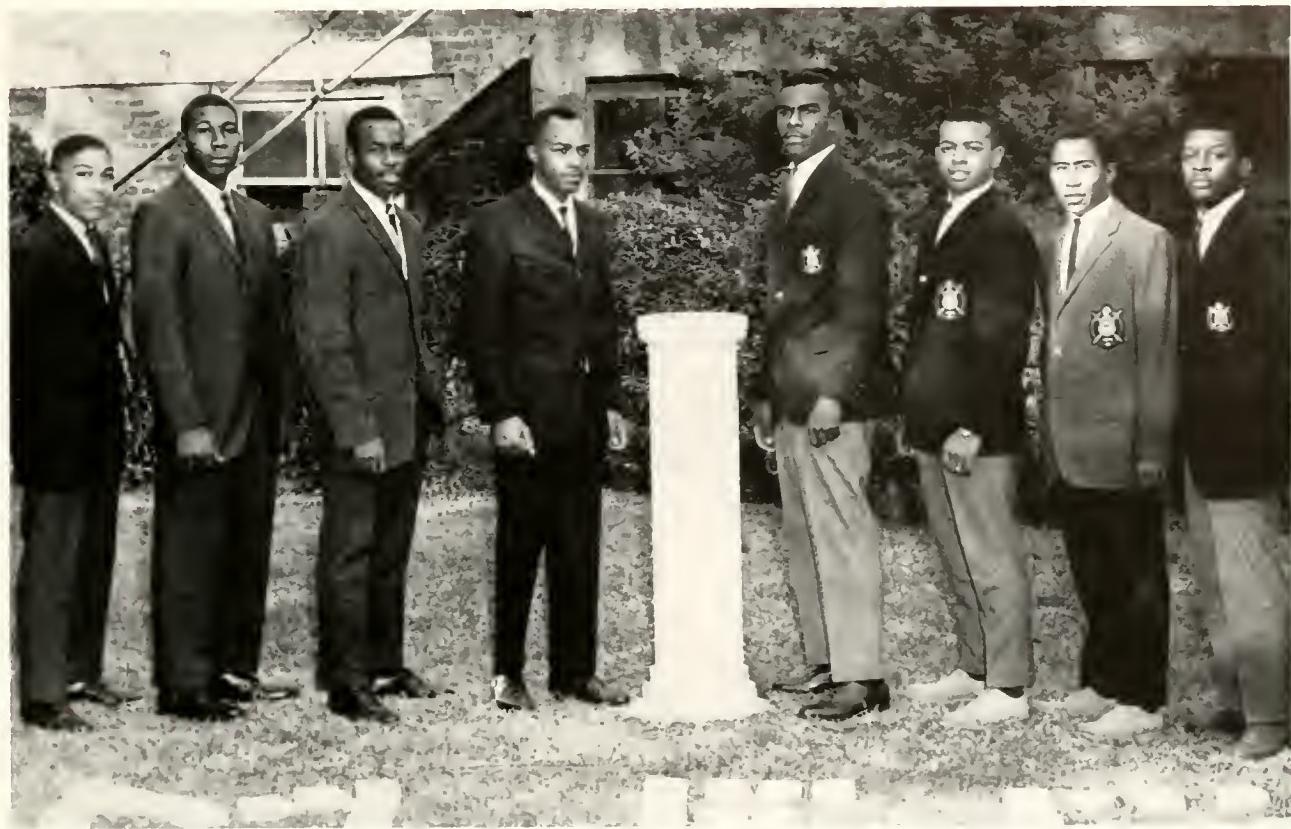

Since its conception, fifty-four years hence, the "idea" has flourished into "living" reality, which is exemplified on many college campuses today, as well as our own, through a well-known group of young men wearing pins in the shape of a diamond, officially tabbed as "Kappa Alpha Psi Fraternity."

FRESHMAN ORIENTATION

Try for size

A Lecture

Bewilderment, excitement, happiness, and sadness combined describe the incoming freshmen as they begin the hectic period of orientation. The continuous flow of things to do, places to go, and people to see, seems to never terminate.

The freshmen, during orientation, are introduced to campus life. They find themselves constantly faced with the ordeal of standing in long lines — to eat, to register, and even to pay their bills. Unconsciously, they find themselves answering to the upperclassmen's cry of, "Hey, Freshmen!"

Although it seems as if this "crisis" never ceases, the freshmen soon see themselves as active members of the Aggie family.

FOUNDER'S DAY

On Founder's Day 1965, The Agriculture and Technical College of North Carolina celebrated the passing of another significant year filled with many achievements. The Aggie family is thankful to the many individuals and organizations who, through their generous contributions, made so many of these achievements possible.

The speaker for this year's Founders Day was Dr. Morris Harrison Tynes, an A&T alumnus, who delivered the Founders Day address. Dr. Tynes is the pastor of the Monumental Baptist Church of Chicago, Illinois.

Another historic event also took place on this day. The Ground-Breaking ceremony for the million dollar Student Union Building was held. The faculty and students both participated along with other dignitaries.

CHEERLEADERS

One of the most important aspects of any good school is its display of school spirit. In this area, A&T is not lacking due to its excellent squad of cheerleaders. Being a cheerleader is not easy. Many try out each year but only a few are selected to represent the Aggies. Besides the joy and anxiety of watching the Aggies win or lose, they spend many hours practicing routines, etc. But win or lose, these true Aggies can feel satisfaction in a job well-done.

At Basketball Games, these girls put on a good show also

FOOTBALL

The defending CIAA champs turned in their poorest showing this year since 1956. Plagued by injuries to key players and a limited bench, the Aggies got off to a poor start and the effects carried over into mid-season.

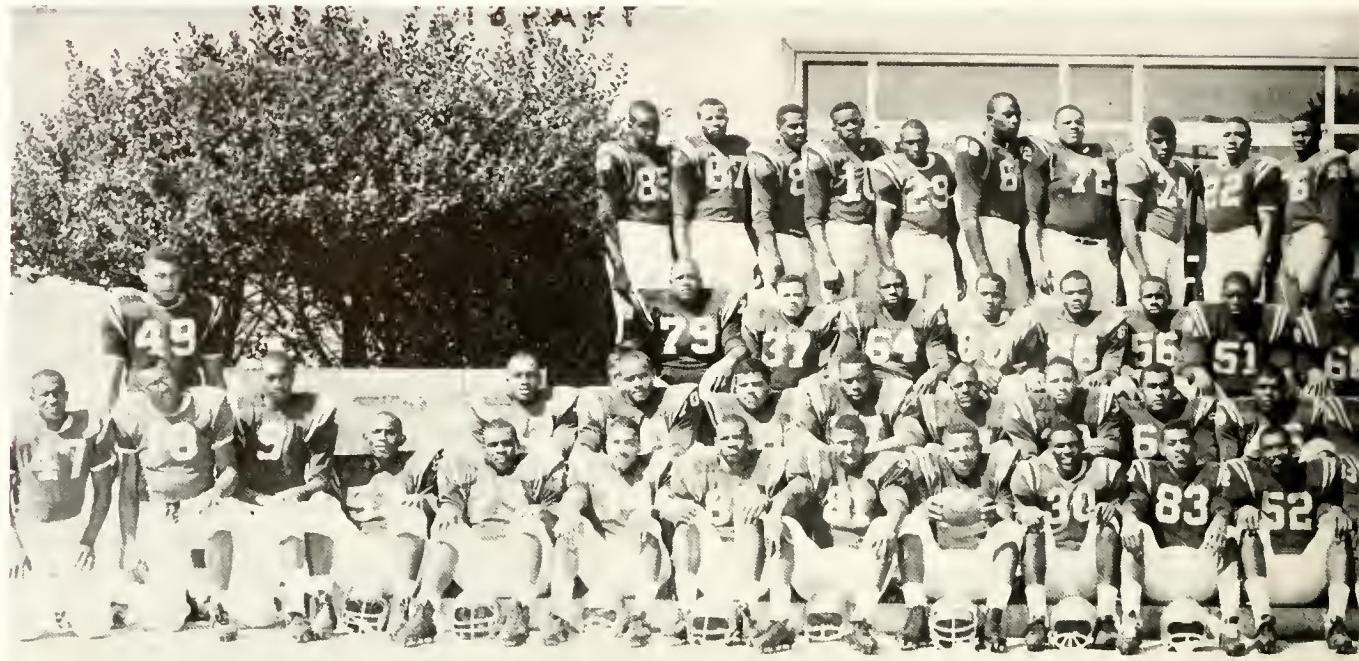

The team started off losing to Tennessee State and it was down most of the way. Florida A & M, N.C. College and Morgan State were just too much for the floundering Aggies as were the Maryland State Hawks who defeated us on Homecoming.

This year, however, was a success in one aspect. Many sophomores and freshmen performed superbly this year and should add great assets to the Aggie squad of next year.

Melvin Phillips, drafted number six by the San Francisco 49er's. The star halfback was the highest draft choice in the state of North Carolina.

A bright spot in an otherwise dismal season was the naming of Elvin Bethea to the Pittsburgh Courier All American Team.

BASKETBALL

A feature attraction in Aggieland, is the A & T College's highly rated basketball squad. Though not successful in defending its CIAA Visitation Conference title the squad had a successful season.

The cagers climaxed the 1965-66 season with a 15-3 conference record, finishing third in the visitation race. Win or lose, these hearty fellows gave the spectators an evening of thrilling excitement as they maneuvered the ball from center to basket to rack up scores and more scores.

TRACK

Track, unlike other sports at A & T, continued in its usual role of second place all the way down to "also ran", but our college eindermen have distinguished themselves nobly this year. The A & T Marching Band

THE MARCHING COLLEGE BAND

The "pride and joy" of Aggieland is its famed 130-piece Marching band. Performing the best in band music and executing, with precision, some of the most intricate maneuvers, the band has risen to become one of the ranking college musical organizations today. Under the directorship of Mr. Walter L. Carlson and Mr. J. J. Williams, assistant, the band can and does perform with perfection, maneuvers from the formation of the traditional A & T to a satellite orbiting in space.

High stepping Majorettes.

CONCERT BAND

The A & T College Concert Band

The Concert Band, like its counterpart the Marching Band, is directed by Mr. Walter F. Carlson. The main emphasis of the Band, unlike that of the Marching Band, is on heavier music more to the semi-classical category which includes slow marches and concert marches.
